FAMOUS DRIVER PAYS TRIBUTE TO FISTIC ART

Duray Says French Nation Awoke Because of Athletic Games.

SAYS CARPENTIER IS IN FINE SHAPE

By HINGSIDER.
BOXING is paid high tribute by Al-Fred Duray, famous French automobile driver, who is in Chicago preparing to enter the fourth auto derby here. To it he attributed the awakening of the French nation to its athletic possibilities and the new fighting spirit which is bringing glory to its sturdy people.

Duray tells entertaining stories of athletes and sportsmen abroad, as well as stories of the war, in which he has seen much active service.

Leave The Game.

Boxing is an avocation with him. He loves it, he says, but did not learn to do so until American promoters introduced it among the French. He has often worn the gloves, and has met several notables in the boxing world, including Georges Carpentier, champion of the world.

Carpentier Strong.
"I saw Carpentier just before sailing from France for America," he said in an interview. "He was in Paris at the time of the auto derby, but he had put it out of his mind for the present, although he is still in training. He is in excellent shape, and is ready to fight at any time."

"He would not take on any ring matches, however, as long as he is in the army, even if he could get permission."

"To have had the honor to box with him is a great pleasure, but he is in the greatest of health, and is in a friendly mood, but he caught me a couple of times when he was in the ring, and he was not so friendly then."

Boxing, Duray said, has been adopted in the French army as a means of keeping the men in good health, and that it is considered one of the best of all sports for soldiers.

Bennie Leonard
Bests Britton
Philadelphia, Pa., June 26.—Bennie Leonard, lightweight champion of the world, outpointed Jack Britton in six rounds at the Casino Club.

Leonard was the aggressor during most of the fight, but Britton was dangerous at all times, scoring offensively with a left chop that shook up Leonard when it landed. The champion was on top of Britton nearly all the time. Twice he staggered his opponent with right punches, and once he landed a knockout blow, but could not drop Britton.

Have you placed your order for your Winter's supply of COAL?

As the Summer advances and grain crops begin to move it will become more difficult to obtain cars for the shipment of coal. If you haven't placed your order yet, DO IT TODAY

DEALERS IN DOMESTIC AND STEAMING COAL.

WE CURE PILES
Don't imagine for one moment that we cure only the most common cases. Most of our cases are tried and true, and many have been cured by our positive method. After failing to be benefited by all other methods, many are naturally skeptical and do not think we can cure them. After talking with our specialist, seeing our positive method of treatment, and talking with dozens of cured patients, they are convinced that we have the one safe, sure, painless cure. If we give you the name of reliable people who have been cured of hemorrhoids, and they tell you that we cured them, you will believe us. We offer \$100.00 reward for any unaccomplished case of piles we fail to cure without the knife, ligature, cautery or caustic injections. Why delay or suffer longer or submit to an operation when we take all the risk and guarantee results?

OUR BRITISH CURE removes all impurities from the blood in a short time, no matter what stage it has reached. WE TREAT SUCCESSFULLY ALL Skin, Kidney, Bladder and Rectal Diseases.

WRITE FOR OUR BOOKLET on Rectal Diseases. Sent to any address in plain sealed envelope FREE.

LOBERT WOULD HAVE ANNUAL BASEBALL GAME

Believes West Point and Annapolis Teams Should Meet Every Year.

WEST POINTERS ARE ANXIOUS FOR GAME

NEW YORK, June 26.—John Lobert, former West Point pitcher and in his day one of the greatest and best players who ever graced the national game, was a visitor at the Polo grounds the other day and watched the Giant Club combat. Lobert, who wound up his career as a major league ball player, is now baseball coach at the United States Military Academy at West Point. Under his direction the army team has completed a most successful season, and the academy naturally is pleased with the showing made by the team. With characteristic modesty, John takes some credit for some of the credit for the excellent results obtained by the West Pointers.

Hard Players.
"These boys are entitled to a lot of praise," he says. "The first time they met after their opponents in every game they played was wonderful. I found them to be exactly what I had anticipated—a fine set of young fellows as there is in the world."

After a season at West Point, Lobert has only one suggestion to offer. "I would like to see a suggestion to the entire academy. It is that a West Point Annapolis baseball game be played annually. I am sure it would be a great thing for both academies and also for baseball in general. I am sure the boys of our fighting men who have crossed the sea, is bound to become an institution of the academy."

CHAMPION TEAMS AWARDED MEDALS

Few Members of Winning Teams in Church League Now in El Paso.

Last evening in the Y. M. C. A. lobby the remaining members of the church basketball champion teams were awarded medals by president Harold Potash.

President Potash spoke of the league of 1917 as the most successful in El Paso church basketball history, and expressed the desire that every player present who expected to be here in the fall, would get into the game and try to keep up the high standards of church competition.

Medals were first awarded to the winners of the first round, the Trinity Methodist, the members present being R. Worsam, C. Painter, W. Cook, H. Ponder and J. Bryan.

The first Methodist winners of the second round, were next recognized, the members being R. Worsam, C. Painter, W. Cook, H. Ponder and J. Bryan.

Only one member of the First Christian church, winner of the second round championship remains in town, John Flanagan being the survivor.

Sergeant Vesseler was also awarded a medal for bravery and incidentally for faithful and efficient services. Oscar Rheinheimer was honored in like manner at a previous date. These two young men originated all of the church league games and the former has the record of a double and two singles in games and still lives to tell the tale.

The sergeant in accepting the medal pledged his support to the church basketball and physical director, Halim for the coming year if he is in El Paso.

What's the matter with the Tigers? It seems strange to see them trailing. Their pitching is not as good as it could be, but the rest of the team is strong and the weakness in pitchers should not make such a great difference.

Rose and Sicking, the two new players purchased by the Giants from the San Antonio club, have reported, and the fans have looked them over, pronouncing them pretty good looking material.

Phil Douglas, the Cub's big pitcher, hasn't taken a drink of hard stuff for two years. He refuses absolutely to enter a booze parlor.

Fred Merkle, for many years a popular idol of the New York fans, when he was a member of the Giants, has developed a habit of never holding a cigar. His comeback is the sensation of the season, and he is a powerful drawing card.

"THAT WINS."
St. Louis, June 26.—As the Giants, prevented by rain from playing the Cardinals, sat around the lobby of the hotel here recently the talk turned into various channels and the subject of hotel corridors being mentioned Cecil Cusney spoke up. "That reminds me," he said, "of a funny thing that happened to me when I first started to play ball. The team I was with was the Cardinals, which had 'long rambling' in them. A bell boy showed me to my room when we arrived and a little while afterward I started downstairs again. I found the bell boy in the elevator, and I guess I wandered around for an hour. Suddenly I found myself back at my room and I had to telephone for a bell boy to come up and guide me back to the lobby."

"That wins" came in a chorus from his listeners, as they rose and walked out on him.

GERMANIZATION OF GERMANY BY BASEBALL BEING CONSIDERED

Marines Who Civilized Cannibals With Baseball Believe the American National Game Might Be Used in Germany With Beneficial Results; Baseball and Bats Sent to the American Prisoners May Help.

By ALLAN MARKLEY.
NEW YORK, June 26.—A company of American marines stationed on the Philippines, recently sent a contribution to the Clark Griffith bat and ball fund, and inclosed this note: "We civilized these cannibals out here with baseball. Send bats to the boys in France and let them civilize Germany."

Baseball's growing popularity in Europe, the sending of bats to Paris and the substitution of bats for walking sticks in Hyde Park, London, would indicate that not only the American troops but the armies of our allies have set out to do something for Germany.

Since the Yankee soldiers transplanted the game of America's national pastime in Europe baseball has been growing in popularity. The seed has already sprouted and after the war there is all probability that baseball will no longer be a game known only to the American people, but the national pastime of the world.

Prisoners Play.
The plan of sending baseball equipment to the American soldiers in German prison camps, fostered by the American Red Cross, has not only carried the baseball game to the distant nations, but has also given the way for the planting in the German empire itself. The American Red Cross has made arrangements with the authorities of the German war office for the sending of the ball equipment.

Although it was with the bigger object of keeping our fighting men in physical trim, in mind, Johnny Evans, athletic director of France, also is working for the advancement and general welfare of the game. He is helping spread the news of the wonderful sport. The French is carefully nursing the seed that has been planted, and after the war he has no other plan in mind than the arrangement of international baseball.

The time will soon come when we can call the winners of the series between the two pennant winners of the major league—the world's champions. When baseball is fully organized in England and France the championship will be a determined bid for the top honors.

The coming celebration on July 1 in London, when King George, the queen, princess Mary and official Londoners will watch a game between the army and navy headquarters teams at Chelsea Field, will be a landmark in the history of baseball. After that date the game will be open to the American sport, and later, well, it will be international championship.

English Play.
Already there are English teams organized at different training camps, and it will not take Johnny Evans long to get the English baseball colors. Although he will devote his time largely to the American

NOW IS A GOOD TIME TO DRIVE OUT CATARRH

Don't be misled into thinking your catarrh is gone. The first touch of winter weather will bring it back with all of its discomforts.

The blood is laden with the Catarrh germs, which direct their attack against the tender and delicate membranes of the nose and throat. These germs cannot be reached by sprays or douches, which, of course, have no effect whatever upon the blood.

Mild weather will aid the treatment and this is an excellent time to thoroughly cleanse the blood of the germs of Catarrh and be forever rid of the troublesome sprays and douches that can only relieve you for the time.

S. S. S. is a purely vegetable blood remedy, made from roots and herbs direct from the forest, which combat promptly disease germs or impurities in the blood. This great remedy has been used for more than fifty years, with most satisfactory results. It has been successfully used by those afflicted with even the severest cases of Catarrh. It relieves catarrh thoroughly, for it treats the disease at its source. S. S. S. is sold by druggists everywhere.

For the benefit of those afflicted with catarrh or other blood diseases, we maintain a medical department in charge of a specialist skilled in these diseases. If you will write us fully, he will give you a careful study, and write you just what your own individual case requires. No charge is made for this service. Address Swift Specific Co., 414 Swift Laboratory, Atlanta, Ga.—Adv.

There is no use in permitting yourself to be deceived. Perhaps, like thousands of others afflicted with Catarrh, you are about ready to believe that the disease is incurable, and that you are doomed to spend the remainder of your days hawking and spitting, with no relief in sight from inflamed and stopped-up air passages that make the days miserable and the nights sleepless.

Of course this all depends upon whether or not you are willing to continue the old-time, make-shift methods of treatment that you and many other sufferers have used for years with no substantial results.

You must realize that the disease itself, and not its symptoms, is what you have to cure. Of course you know that when you are cured of any disease its symptoms will disappear.

Catarrh manifests itself by inflammation of the delicate membranes of the nose and air passages, which choke up and make breathing very difficult. To get rid of these distressing effects you must remove their cause.

Catarrh manifests itself by inflammation of the delicate membranes of the nose and air passages, which choke up and make breathing very difficult. To get rid of these distressing effects you must remove their cause.
